BADGE POSITIONS FOR CADET/SENIOR CADET LONG SLEEVE SHIRT

We trust these simple instructions will help you set up your son's or daughter's uniform and give a uniformity to the display of badges on the uniform. If you have any questions ask the Officer Commanding of your child's Squadron.

GETTING STARTED

The Membership Flash (Item 1 below) is positioned centre left sleeve 12mm from the shoulder seam. Be sure to match the thread with the material. You can buy invisible thread but this is difficult to work with.

EDUCATION BADGES

The first badge awarded will be a General Proficiency (GP) badge (Item 7 above). This should be placed down the centre line of the left sleeve with the top of the badge placed in line with the top of the placket (cuff opening) seam. Subsequent higher GP awards replace the previous award. The AAK Badge is placed 2cm above the elbow line centre left sleeve.

Subsequent education badges are added alternatively on either side of the GP badge until the first (lower) row is filled (5 badges). Please ensure that a 3mm gap (approximately) is left between badges on all sides. If a higher class badge is awarded it replaces the lower class badge. The second and third rows also start from the centre.

AUSTRALIAN AIR LEAGUE

Ensure the correct badge goes on the correct sleeve (the first badge on the right sleeve also starts centre sleeve with the bottom of the badge in line with the placket seam).
