Federal Education Instruction No. 32

F/EI 01/17
August 2017

CHANGEOVER FROM CURRENT WORKBOOKS (AS BELOW) TO THE REWRITTEN WORKBOOKS

1.0 Preamble

1.1 The purpose of this Instruction is to provide information regarding the transition from the old workbooks as listed below to the new version.

- Aircraft Engines Class 3
- Aircraft Engines Class 2
- Aircraft Engines Class 1
- Theory of Flight Class 3
- Combined Sewing Class 3, 2 & 1

1.2 These changes will take effect on the 1st October 2017 to give Groups time to order the new version. (Note: As these books have been at the printer for some time, some Groups may already have the new versions).

2.0 New Change Over Provisions

2.1 As of 1st October 2017 only the rewritten versions of the workbooks as above are to be distributed by Groups and used by members. Any stock of the older versions of these workbooks held by Groups are to be discarded. Squadrons who have stocks of these older workbooks will also be required to discard them.

2.2 Members who have already started working through the old workbooks may complete that workbook and sit the appropriate knowledge assessment. This condition will expire on the 31st December 2017.

2.3 GEC's please ensure that you remind your Squadrons to include the appropriate workbook number on the Form 28 when requesting the knowledge assessment from your GEC/REO so that the correct version can be distributed.

2.4 GEC/REO's will no longer distribute Knowledge Assessments for the older workbooks after the 31st December 2017.

3.0 AAL Manual Amendment

3.1 Section 16 will be amended to include the rewritten criteria and conditions.

Comr. A. Dennis, MSA
Federal Education Commissioner
